

SHARING YOUR INFORMATION

Your **health and social care** records contain important information about you

We'll **always keep your information safe** and never sell it or pass it on for commercial or marketing purposes

And making that information available to health and social care staff involved in your care means everyone can work together to give you the **best support we can**

If you haven't opted out we'll assume **you're happy for us to share your records**

We'll always **ask for your consent** before we check your record shared from another organisation, unless we have serious concerns about your welfare.
